DYNAMITE

The man who sits on a box of dynamite smoking a pipe is invariably the man who has handled dynamite safely for so many years that he is callous to the danger.

Many a man has suffered for years from a chronic weakness of the Stomach, Liver or Kidneys and he doesn't think they are dangerous because he has put up with them so long. Chiropractic locates the cause of disease as pressure on spinal nerves at their exit between joints of the Backbone. Adjusting removes the pressure and the cause of disease. Health follows as a matter of course.

See the Chiropractor, don't let your disease get chronic. Bring your children they respond wonderfully to adjustments.

How Many Miles

From a Cord Tire?

Men are everywhere telling remarkable tales about mileage from Miller Cords. Remember that mileage varies with conditions. Size and load, road and care affect it.

One man who has sold and watched many thousand Miller Tires says this:

"I find that Miller tires excel other tires in service from 50 per cent to 75 per cent."

The Hudson Taxi Co. of Detroit reports a 15,000-mile average on rather heavy taxis.

Tread Patented

Center tread smooth with suction cup, for firm, fast grip on wet roads. Groove to the Road side tread mesh like cage in dirt.

The Elmer Store Co. of Los Angeles, after long comparisons of 22 makes, say that Miller's excel all.

Factory Tests

Miller factory tests, which are severe, last year showed a tread-life average of 15,000 miles on Cords. They proved that Miller's, with no exceptions, outlast every tire compared. They proved the new Miller tread the best of all tread by 25 per cent.

Test one for yourself. It will give you new ideas about tire mileage. It will, in all probability, break all records on your car. Miller experts on ten years have done much to serve you. For your own sake, learn what they have done.
